

FFC WITH SMT & ASSEMBLED CONNECTORS

A COMPLETE SOLUTION

Flat flexible cables
with surface mounted
components

Plastic connectors with
inserted contacts

ADVANTAGES

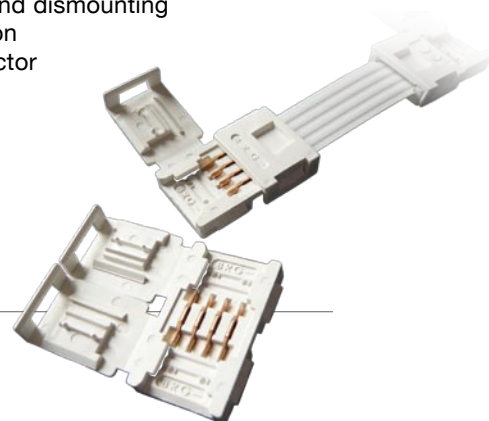

- > Weight and space saving,
- > No need of an additional PCB,
- > Flexibility,
- > Custom-designed products.

GENERAL CHARACTERISTICS

- > Insulated material : Polyester or Polyester with thermoplastic material,
- > Conductor : Copper, silver plated copper or gold plated,
- > SMT : Semi conductor, passive components.

GENERAL CHARACTERISTICS

- > Flat configuration designed for flat cable: space saving
- > Quick mounting and dismounting
- > Signal transmission
- > 2 to 4 way connector

APPLICATIONS

- > Lighting,
- > Engine cell.
