

Interconnect solutions for test bench

Axon', the manufacturer of cables and interconnect solutions, innovates and offers custom designed interconnect solutions for test benches.

Microwave coaxial cables, adaptors, equipment, power cords, everything is designed for a safe storage and transport of the tool kits.

Do not hesitate to consult us !

CHARACTERISTICS

- > Kits which include RF cords or microwave coaxial assemblies terminated with SMA, N or TNC connectors.
- > The microwave assemblies are made with a Celloflon® (expanded PTFE) cable shielded and insulated with FEP, PU or PFA.
- > Frequency: from 0 to 40 GHz.
- > The tools resist to fluids, shocks and vibrations.

APPLICATIONS

- > Measurement of radiocommunication or navigation systems.
